The Columbia and Waynesbore.

The Columbia and Waynesbore Hack
Lise makes two trips a week, and is a
great convenience to the travelling public. The rates are moderate, and the accommodations good, circumstances considered. But Columbia, Ashwood, Mt.
Pleasant, Henryville, Pale Alte,
and the intermediate country, want the
line to make two more trips per week.
The Waynesbore road goes through the
best portion of Maury county, and a
large number of the people are deprived
of the privilege of regular mail facilities.
Four mails a week would be a great advantage to the whole country, and prove
remunerative to the contractor and the
Government, and we trust that the Post
Office Department at Washington will
grant compensation. We are quite sure

SANTA FE ITEMS.

Last week was one of stirring interest in San's Fe. Two new tailor shops are now opened, which fact threatens to interfere very much with the wholesale clothing trade of Nashville, as some of the merchants are having bills of clothing made to order for the spring trade. But this is not all the cause of the excitement, for Mesurs. McKay & Robinson have just opened up a new cash store, which will add greatly to the business of Santa Fe. This makes three d.y groods houses and three groceries. Last Sunday night about one o'clock, our sheriff was aroused from his peaceful slumbers, with the request that he go immediately 'to Jim Hoge's to arrest a thief. Ever ready to perform to perform his duties the sheriff immediately made himself ready and was soon, off, and by 4 o'clock, A. M., he had locked up in the jail Randal Pillow, col., who had been detected in stealing potatoes from Mr. Jim Hoge, and is also charged with stealing a pair of boots from a Fifteenth Amendment. More sid for the lasses of the Pentientiary. d.y groods houses and three groceries.

But even this is not all. Our young friend, Dr. C. M. Sebastian, brought home his beautiful and accomplished bride, from Hickman, on the 29th inst. He was married on the evening of the 29th, ult. to Miss Charlie Moutgomery, of Piney. He reached home in the evening, and scarcely were the kisses and congratulations over, before another carriage drove up. In it was seen a young school teacher of Hickman county, Mr. Jesse Rushton. He came armed and equipped in defence of Hickman. The young Doctor had made a raid on his county, and captured one of their tairest daughters, and the young teacher, by way of retailation, was determined to make a sortie on Santa Fe, and Ly groods houses and three groceries. Judge Thomas M. Jones left for Pu-laski Wednesday morning, and will re-turn Monday to hold court. The grand jury in the mean time are hard at work finding the true bills and getting ready Our business men will be glad to learn that the telegraph office is soon to be moved up in town. The efficient operator, Mr. Yoest, has informed us that he will likely have the office moved this month, probably to one of the hotels. The depot is so far from the square that A set of ladies and gentlemen have formed what they call "Society of Hearts." No lady being admissable ed to make a sortie on Santa Fe, and carry off one of its brightest jewels. He and Miss Ella Hebastian were marwho is over seventeen years old. Gentlemen of any age can join. party of young people of the neighborbood, and the relatives of the tamily,
were present. The attendants were:
Miss Marcia Raymond, of Hickman and
Mr. Bruce Satterfield; Miss Sallie Jones
and Mr. Willie Mangrem. The ladies
were all dressed in the purest white.
The supper was elegant and magnificent. The happy couple left the next
morning for their Hickman home. In the early part of last week, spring, with her "ethereal mildness," came, and took possession of everything. The early birds sang their sweetest songs, the latest published; the hens cackled over new found eggs; loafers loafed; overcosts were thrown aside; young ladies promenaded the streets in glittering array of bright colors; the trees awakened as from a long dream; the plow-boy's whiatle could be heard across the fields; old mother earth's pulse quickened with new life; angless commenced getting minnows for the trout.

MOUNT NEBO ITEMS.

The trustees of the Concord Schoo are soon to employ a lady teacher, who expects to have a flourishing school. The Methodists will have their next Quarterly Meeting at Mt. Nebo on the 9th and 10th instants. Dr. Green will preside and preach, and a big turnout

may be expected.

The Nebo people say that the Henald is one of the best county papers in the State; that it truly represents the interests of the people, and contains more county news than any other paper; that it pleases both the young and the old, and lacks only one thing of being a perfect success; that is, we do not publish the births of children. This is not our fault, however, and if parents will send in the names of their children, together with names of their children, together with names of the father and there we will commence the number of the country of the contract of the country of the contract of the contract of the children. Williams & Tyler have the largest line of the most beautiful samples of goods ever exhibited in this market. The most fastidious merchants of fashion in New York, London or Paris, could not show more beautiful and fashionable goods. In a great measure, gentlemen's goods are made and chosen with reference to the tastes of the ladies, and everything Williams & Tyler have will please the most critical and fastidious among them.

The Mt. Nebo folks take great inter est in the Duck River Railroad enter-prise, and want to know why the route is not surveyed, the funds necessary having been raised long ago.

WILLIAMSPORT ITEMS.

An elegant party was given on South Main street, by Mrs. A., last Tuesday night. The invitation cards said, with emphasis, "Conversation Party," and the young people were auxious about it, and believed that a party without dancing would prove "dull" and "stupid." But the contrary was the result: it proved to be one of the most charming and delightful entertainments over given in Columbia. The young ladies of our town have shown to the young men that they can de something mere than simply fook beautiful—they can talk. Some of the ministers have, for a long time, been much troubled about the dancing question, but it is now settled for them. The first day of Spring, usually the The first day of Spring, usually the most lovely and pleasant season of the year, made its debut with "beautiful snow" upon its fair brow. A brief gloom settled upon the farmers, and the beasts of the field and the fawls of the air were made unhappy, the hens refused to cackle, the singing birds were slelent and mute. The morning of the second, however, soon dispelled all the gloom, as the sun came forth in all his grandeur and brilliancy, and melted the show, and restored cheerfulness to every creature.

Sunday was a day of mixed sunshine, clouds and rain. Hav. J. S. Frierson favored the villagers with an excellent sermon, at the Presbyterian church, from the 15th verse of the 5th chapter of St. Matthew, "Neither do men fight a candle and put it under a bushel, but on a candlestick, and it giveth light unto all that are in the house." A. J. Fly, of the Williamsport country, recently shipped a lot of Berkshire bogs to Williamson and Bedford countles. At the last hog killing time Mr. Fly killed "Sam," a two year old hog which had taken two premiums, at weighed five hundred and twenty-three pounds, not. Rev. A. H. Price will visit the Por on the 17t., in behalf the Maury Coun ty Bible Society.

There was a large attendance this week from this 'neighborhood at the Criminal Court at Columbia, in two cases, viz: The State vs. Frank Riddle; The State vs. Wash Williams, Clay Gordon, and Sam. B. M. McKennon, of the Cross Bridges country, sent a dollar, some time since, to the Louisville Lottery, and has drawn a very fine mirrer, valued at \$300. The lottery managers tried to trade him a diamond ring for it, but after advising with Lipscon b prothers, i.e refused the offer, and had it sent to him.
